**TECHNICAL DATA SHEET**

**PRODUCT**  
Crosstex CSR Sterilization Wrap

**MATERIALS**  
- 52 gsm cellulose fibers reinforced with synthetic binders  
- Cellulose pulp >80%*  
- Binders <20%  
- Sizing Agent 0.3%  
- Wet Strength Agent 0.3%  

*Note: (*) Petroleum Free – Manufactured from environmental friendly Cellulose material made from wood pulp.*

**PRODUCT CHARACTERISTICS**  
- Excellent bacterial barrier to both airborne and water-borne contamination  
- Outstanding liquid repellency – water, alcohol, iodine  
- Exceptional tensile strength – wet or dry  
- Even texture to allow immediate visual detection of small pinholes or tears  
- Meets FAA (Flammable Fabrics Act) requirements  
- Comply with EN ISO 11607-Part 1 and EN 868 – Part 2

**PRODUCT USES**  
- All types of sterilization center and surgical unit packaging (validated for all steam sterilization methods, including both prevac and gravity equipment)  
- Inner and outer wrap for medium and large size trays and midweight packs  
- CSR Wraps are single use item  
- Use with EtO, steam gamma irradiation, E-beam sterilization technology
